Dear Alisha,

On behalf of GoldenTree Asset Management I would like to thank you and the entire staff of the Nokia Theatre for helping us produce a farewell concert on June 25th for one of our Partners. This was our first concert and we had the honor of a private show from the Rock and Roll Hall of Fame, The Allman Brothers Band.

The acoustics of the theater was excellent and we received exceptional service throughout the planning and execution of our event from your knowledgeable, readily available and accommodating staff.

We look forward to doing business with you in the future.

Sincerely,

Leon M. Wagner
