New York, NY 10036

Dear Alisha and Bill:

Many thanks to your entire team for making the GNYHA Annual Dinner a tremendous success.

With your help, we were able to feed and entertain over 900 hospital professionals, run a flawless program, and make our guest of honor feel completely at home in your state-of-the-art, gorgeous facility. We have to commend your production staff for going above and beyond the call of duty, to make sure our tribute program looked and sounded great. Without their commitment to delivering excellent service and their troubleshooting know-how, our event would not have been nearly as successful. We look forward to working with the folks at Nokia again.

Best regards,

  
Lee H. Perlman
